Paint Car is the bodywork brand manufactured by Tot Color Group.

Tot Color Group takes part in the bodywork industry since 1976. At the beginning, we worked as official supplier of a leading brand in this industry. Later, we started to develop and manufacture our own products.

Currently, following our constant evolution and improvement, we have enlarged and modernized our installations and work processes. At the same time, we have obtained the quality certifications ISO 9001 and ISO 14001 to offer the best attention and quality to our partners.

All this continuous improvements and a young, qualified and dynamic human team enable us to keep and expand our presence on national and international markets.

Our headquarters, where all companies of the Group are located, are composed of offices, factory and warehouse.

The area covers 14.000 m², of which 12.000 are built.
